

Basingstoke - Supporting Local Food Establishments

Find us on Facebook at www.facebook.com/groups/498906284123386

This Facebook group has been set up to support local businesses who are still open and offering food and drink. We ask that you share your business on the page so that people can make an informed choice when they are having their Friday night takeaway or taking a night off from cooking and also support businesses in these difficult times. Although this is a comprehensive list we know there are other businesses out there so please come and share your details with us.
