LINK2, supported by Hatch Warren & Beggarwood Community Association, is a family orientated group for young adults (16-30) who may need a little support. LINK2 is run by experienced staff who aim to develop a relationship with all members with learning disabilities and their families to get the best outcomes for their future. We support them on a path to growing independence, as they move into adult life.

Improve general Life skills and finding their full potential through sports opportunities

Provide experiences to promote Resilience and self esteem

Boost confidence and support for independent travel

Maintain and develop our access to work programme
